Re: Letter of Recommendation for Trulane

To Whom It May Concern:

I am writing this letter of recommendation in support of Trulane's North Carolina Contractor license application. I have been involved with Trulane over the past 5 years. They have constructed a building and an office up fit for my company. I have found Trulane to be highly competent in every aspect of construction. The company, from the owners and their employees has a strong moral character that is shown in their work ethic and attention to details.

Trulane's experience is also one of their assets. I would be very comfortable relaying information or a set of plans of what I wanted to be done and have no doubt that the project would be completed without delay. In fact this has been my experience with the projects we have worked on. They get the project completed without someone looking over their shoulder making sure they are doing their job.

Trulane has my highest personal and professional recommendation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark J. Hauser'.

Mark J. Hauser, D.D.S.
